

# Join The 2018 Giving Campaign

We Give Because We Care

*Official Solicitation Period September 10, 2018 - January 11, 2019*

## **Combined Federal Campaign (CFC)**

Dear Annuitant,

Before you or your family member completed a career in public service, you may have become familiar with the Combined Federal Campaign (CFC) as a way to support charities locally, nationally and internationally. However, at the end of your career, it was not easy to contribute to your favorite charities through the CFC program. Now as a Federal Retiree, you can easily support the charity or charities of your choice.

Last year, we introduced important changes to modernize the CFC program. One of those changes gave retirees and survivors the opportunity to have convenient options of contributing directly through the CFC, including through monthly annuities!

This year's campaign theme is *Show Some Love*. Federal retirees and survivors can support any number of almost 8,000 charities vetted and approved to participate in the CFC campaign. Last year, Federal employees and retirees pledged more than \$100 million in monetary pledges. These pledges help people and communities in need and are a reflection of the generous nature of the Federal community.

To help those in need by pledging, please visit the [CFC's Online Donor Pledging System](#) .
